“Personable, Flexible, Talented, Excellent Pricing. David took portraits for our firm’s website. He arrived early and completed the project in a timely manner without rushing. David was understanding of our Attorneys’ schedules and worked with everyone to find the most preferable shot for on-site approval. I strongly recommend David for a busy firm looking for professional photographs with quality level far beyond the price point.”

"David was terrific and really captured the joy of my party. He got every single person in attendance, in pictures that are so alive and vibrant that they jump off the screen. He was also completely unobtrusive - I think that most people didn't notice that they were being photographed, so they were totally relaxed and fully themselves in all the images. David was also totally easy to work with, very responsive, easy to schedule, great value, and got the edited images to me within three days. I highly recommend him."

This event and fighting cancer is so very important to so many of us. It was a lovely evening and you captured the evening, guests, speakers, etc. SO BEAUTIFULLY!.”

“We hired David to take photos at my daughter’s graduation party. My daughter graduated from medical school and we had lots of out of town family members who attended. David worked the room capturing wonderful and engaging shots of family and friends. He is skilled, professional and very accommodating. We will hire him again for any future photography jobs. We were very satisfied with David’s work and fee.
